Live The Extraordinary Future

Human ambitions are limitless, day by day speeding up to a new progress. So, why put a brake when you are riding against every hurdle?

With that belief, Cyclux range is here to gear your ambitions and lead you to your desired destination as success is not a matter of a single pedal swing, you must keep pedaling up to attain it.

Measuring for your New Bike

Technical Abbreviations
PU – Polyurethane
QR – Quick Release

-
1. To ride bike comfortably, you should be able to keep your foot on the pedal through out its rotation, most handle bars & saddles are adjustable but it is still important to pick right frame size.
 2. Check your inside leg length measurements against the chart to see which frame size is right for you.
